We have been unable to measure any new improvements this month due to the weather.

We continue to update properties as we find new information. We have had a few responses from land owners on taking their land out of farm and putting it in residential. So far, we are removing 16 parcels from farmland.

We continue to look at different areas in the township to determine if they should be getting an increase or decrease in their assessments.

If you have any questions, please let me know.

Respectfully Submitted,

Janet Roush – CIAO
